

## Forklift Work Platform

Work safely and efficiently with the Forklift Work Platform from Boscaro.

The Forklift Work Platform is designed for practicality and longevity. Its powder coated finish prevents flaking and rust, and it is designed for total stability and safety. It is the ideal accessory for routine maintenance, inspections and taking inventory.

All Boscaro below-the-hook accessories are certified for use across North America and meet or exceed **ASME B-TH1/B30.20** standards.

Each unit comes with a dedicated serial number and conformity statement which ensures compliance with **ASME**.
