## EFFICIENT AND RELIABLE LIGHTING

### COMPACT AND PORTABLE:

The IT06NA light tower is designed for easy transportation and setup, with dimensions that fit perfectly on a pallet.

### VERSATILE POWER OPTIONS:

Connect to any power source, making it suitable for indoor and outdoor use.

### POWERFUL ILLUMINATION:

Equipped with four 150W LED lamps, the IT06NA provides bright and efficient lighting for various applications.

### ADJUSTABLE MAST:

The manual mast can extend up to 7 meters and rotate 355 degrees for precise light placement.

### SCALABLE LIGHTING:

Connect up to 6 IT06NA towers in series to increase light output for larger areas.

### SALES AND RENTAL:

Bigfoot Company Crane offers both a rental and purchase, providing flexibility to meet your project needs.

At Bigfoot Crane Company, we offer the Inmesol IT06NA Light Tower along with generator rentals to provide complete power solutions for your construction projects. Whether you're working in remote locations or facing power outages, our equipment can help you maintain productivity and safety. Trust Bigfoot Crane Company for legendary lighting solutions.
