

Crane & Heavy Equipment Operator Simulator Training Rates

Bigfoot training academy is excited to announce that we have added crane and heavy equipment operator simulation training to our list of services. We believe that this simulator will provide incredible value to private individuals and companies.

The following equipment types are available for operator training and assessments:

Crane Operator Training

- Flat Top Tower Crane
- Luffing Tower Crane
- Rough Terrain Crane
- Crawler Crane
- Boom Truck

Earth Moving Equipment Operator Training

- Excavator
- Wheel Loader
- Backhoe
- Bulldozer
- Articulated Dump Truck

Simulator Hourly Rental Rates For All Equipment Types :

- \$195.00 + GST
Per hour
(4 Hour minimum)
- \$950.00 + GST
Operator competency
assessment
(Includes 4 Hour competency
assessment and skills
evaluation Scorecard)

To assist in providing affordable rates, we are offering pre-committed “blocks” of hours on the simulator at a reduced rate for industry partners and companies who invest in regular use of the machine.

Pre-Paid Blocks Of Hours Discounted Rates

- 40 Hour Blocks for **\$175.00 + GST** per hour (10% discount)
- 80 Hour Blocks for **\$165.00 + GST** per hour (15% discount)

Pre-Paid Blocks Include

- Hours can be redeemed with 4-hour or 8-hour sessions
- Train or assess multiple operators with one “Block of Hours”
- Hours can be used for up to 1-year from date of purchase (Save money on rate increases)
- Full time dedicated instructor included for additional training support

Additional Details

- The training simulator is located at Bigfoot Training Center - 2170 Carpenter Street, Abbotsford BC, in a specially designed room with air filtration, climate control and adjustable lighting. Hours can be scheduled between 7:30 am to 4:30 pm.
- Simulator Crane Training sessions can be combined with classroom theory and hands on practical training.
- Qualified Supervision Plan for Level B Provisional Certified operators is available.

Meet the Vortex Advantage

01 Immersive Displays

With leading worksite visuals, the new from the cab matches the view from the seat of the actual equipment. Select from a single-display option, 3 displays, or 5 for maximum trainee engagement.

02 Built Tough

With rugged high-quality steel frame and ports, the Vortex Advantage is built tough for the demands of a busy classroom.

03 Professional-Grade Controls

Train many equipment types on a single simulator with no need to shut down the simulator to change control sets or pedals.

04 Feel The Motion

For full trainee Immersion, the motion platform replicates the motion and vibration experienced while traveling, digging, and lifting.

05 Operator Touchscreen

The touchscreen makes it easy for the student to log in and switch between training exercises, and also acts as the equipment computer interlace, including safe load indicator (LMI/SU), auxiliary controls, and operator's dashboard.

06 Train As A Crew

The Vortex Edge Advantage can connect to other simulators for tandem operations and crew training.

Vortex® is a canadian registered trademark of CMLabs Simulations, Inc.
