Experience Legendary Crane Storage with Bigfoot Crane Company

Light Industrial Zoning

Perfect for industrial, service industrial, off-street loading, and unenclosed storage uses.

Secure Storage For Peace of Mind

- 8' tall fence with razor wire and 24/7 camera monitoring
- Flexible internal fencing options
- Level, graveled rectangular yard with no overhead wires

Flexible Storage Options

- **Short-term:** Month-to-Month, Min. 750 sqft.
- **Long-term:** 1 Acre parcels, 1-3 year leases
- **Ideal for** cranes, equipment & general industrial storage

Why Choose Bigfoot for Crane Storage Services?

- We provide a clean gravel yard with excellent drainage. 8' high fences with barbed wire, lighting, and 24-Hr. motion security monitoring.
- Storing cranes in our yard will provide savings on tech travel for crane maintenance between projects as well as provide efficient loading and unloading for mobilizations.
- We provide a storage report; documenting all crane parts and accessories upon arrival and use the same report as a check list at time of departure.
- Our storage rates include power washing of cranes and equipment upon arrival, then annually if applicable and again prior to departure for the next project. (Min 3-month storage rental duration required)
- We also provide pre / post equipment inspections between projects at an additional charge.

Legendary General Storage Solutions

At Bigfoot Crane Company, we deliver exceptional storage solutions tailored to the needs of your high value equipment. Our secure, reliable facilities ensure your cranes, hoists, and other equipment are safely stored and easily accessible when needed. With a focus on protection and convenience, our skilled team handles your equipment with care, giving you peace of mind. Bigfoot's commitment to customer satisfaction and expertise in equipment management make us the preferred choice for safe, dependable storage services
